| IoT Certification | <i>NPTEL</i> |
| Cybersecurity Essentials | <i>Cisco Networking Academy</i> |

INTERNSHIP

MERN Full Stack Intern Jan 2024 - Present
BIZTRON SOFTECH Hyderabad, AP

- Worked on Full-Stack development using MongoDB, Express.js, React.js, and Node.js.
- Gained hands-on experience in RESTful API development.
- Collaborated with a team to build scalable and efficient web applications.

PROJECTS

Social Media Platform. Developed a full-stack social media website using the MERN stack. MongoDB handles flexible user data, Express.js powers the backend API, React.js builds the dynamic user interface, and Node.js runs the server-side logic. Key features include user authentication, post creation, and real-time updates.

Home Interior Design. Built a portfolio website to showcase various home interior design styles using HTML, CSS, and JavaScript. The site allows users to explore different room designs, color palettes, and furniture arrangements.

WORKSHOPS

Data Science Using Python 2023
Gained experience in data analysis, visualization, and machine learning using Pandas, NumPy, and Scikit-learn.

Red Hat Linux Workshop 2022
Hands-on experience in managing Linux systems, scripting, and terminal operations.
